## LAND AT LAST IN SIGHT

FIRST NATIONAL BANK TO DECLARE A DIVIDEND.

It Will Be Fifteen Per Cent, and Is to Be Paid During This Month.

## THOUSANDS FOR OCALA

The STAR man in his rounds for news this morning dropped into the First National Bank to see what he could learn.

Mr. Stapylton, the obliging receiver, gave him some very encouraging news.

He said they were now busy making out checks for all accounts that had been proven up to date, and as soon as finished he would send the checks on to Comptroller Eckles at Washington, and as quick as he could sign and return them notice would be given for depositors who had proven their accounts to come forward and receive checks on the United States treasury for the 15 per cent of their deposits.

Mr. Stapylton is to be congratulated upon his management of the tangled affairs of this bank.

He said that this dividend would be declared very soon—certainly during this month.

This will be the first of a series of dividends to be declared, and great hope is felt that most, if not all, of the deposits will eventually be paid.

This means a great deal for our town and county. The amount paid will probably aggregate \$40,000, or possibly a little less, as some of the claims are not yet proven.

In Ocala's present condition this amount of money will help wonderfully to enliven business and help out those who are in a tight place.
